

# ALL ABOUT US

## SEA OF FAITH EXPLORING VALUES, SPIRITUALITY AND MEANING

*Our formal name is The Sea of Faith Network (NZ) Inc.*

**We are an association of people who have a common interest in exploring religious thought and expression from a non-dogmatic and human-oriented standpoint.**

We follow similar organisations in the UK and Australia in taking our name from the 1984 BBC TV series and book by the British religious academic, Don Cupitt.

The TV series both traces the decline of traditional Christian influence in the West in the past 250 years and invites the viewer to consider what might replace it. In New Zealand the Sea of Faith Network provides a forum for the continued exploration.
